

## Inviting Short-term Internship Programme

Navajeevna is a recognised NGO working for the wellbeing of the disabled people in the district of Kasaragod especially in the Endosulfane affected areas. Navajeevana is situated in the Enamkaje Pangayath in the manjeswarm block. At present we have a special school with well-equipped physiotherapy, speech therapy and occupational therapy lab. We also have a home-based special education programme, construction of houses for the disabled people. We have dress bank for the disabled people. We also promote income generation activities among the disabled people. We provide Training in different fields to the mothers of differently abled families.

The internship programme provides an excellent opportunity for budding scholars to familiarize themselves to face the challenges in the field of differently abled. These “Interns” shall be given exposure to various fields of running special school and challenges of differently abled people. For the “Interns” the exposure to the functioning of the NGO/ Special School/ Home Based Special Education and to the knowledge of endosulfan issue at Kasaragod. We also help them to find out creative ways of helping the differently abled people.
